# Safety data sheet according to 1907/2006/EC, Article 31

Printing date 18.07.2021

CHEMICALS, INC.

Revision: 18.07.2021

SECTION 1: Identification of the substance/mixture and of the company/undertaking 1.1 Product identifier Trade name: Dichloro[1,1'-bis(di-i-propylphosphino)ferrocene]palladium(II), 99% Irem number: 46-0400 CAS Number: 125788-65-1 1.2 Relevant identified uses of the substance or mixture and uses advised against No further relevant information available. 1.3 Details of the supplier of the safety data sheet Manufacturer/Supplier: Strem Chemicals, Inc. 7 Muliken Way WEWEURYPORT, MA 01950 USA WEWEURYPORT, MA 01950 USA WEWEURYPORT, MA 01950 USA Berrither information obtainable from: Technical Department 1.4 Emergency telephone number: EVENDENTPORT, MA 01950 USA During normal opening times: +1 (978) 499-1600 SECTION 2: Hazards identification 2.1 Classification of the substance or mixture Classification according to Regulation (EC) No 1272/2008 EVENDENT: 2 H315 Causes skin irritation. STOT SE 3 H335 May cause respiratory irritation. STOT SE 3 H335 May cause respiratory irritation. 2.2 Label elements Labelling according to Regulation (EC) No 1272/2008 The substance is classified and labelled according to the CLP regulation. Hazard pictograms Signal word Warning Hazard Jetcograms Signal word Warning Hazard sections of labelling: Dickloro[1,1'-bis(di-propylphosphino)ferrocene.lpalladium(II), 99% Hazard statements H319 Causes serious eye irritation. H319 Causes the irritation. H319 Causes the irritation. H32 Causes the irritation. H32 Causes the irritation. H33 May cause respiratory irritation. H34 Causes the irritation. H35 May cause respir					
Trade name: Dichloro[1,1'-bis(di-i-propylphosphino)ferrocene]palladium(II), 99% Item number: 46-0460 CAS Number: 132 Relevant identified uses of the substance or mixture and uses advised against No further relevant information available. 13 Details of the supplier of the safety duta sheet Manufacturer/Supplier: Strem Chemicals, Inc. 7 Multiken Way NEWBURYPORT, MA 01950 USA info@strem.com Further information obtainable from: Technical Department 14 Denegency telephone number: EMERGENCY: CHEMTREC: + 1 (800) 424-9300 During normal opening times: + 1 (978) 499-1600 SECTION 2: Hazards identification 2.1 Classification of the substance or mixture Classification according to Regulation (EC) No 1272/2008 Signal Courses skin irritation. Eye Irrit. 2 H315 Causes skin irritation. STOT SE 3 H335 May cause respiratory irritation. STOT SE 3 H335 May cause respiratory irritation. 2.2 Label elements Tabelling according to Regulation (EC) No 1272/2008 The substance is classified and labelled according to the CLP regulation. Hazard jetograms Gissof Gissof Signal word Warning Hazard-determining components of labelling: Dichlorof1,1:-bis(di-i-propylphosphino)ferrocene]palladium(II), 99% Hazard-determining components of labelling: Thicklasse serious eye irritation. H315 Causes serious eye irritation. H319 Causes as erious eye irritation. H319 Causes are to gracehol eye of precechol eye product container or label at hand. H310 Causes are to of recech of children.	<b>SECTION 1</b>	: Identification of the substance/mixture and of the company/u	ndertaking		
Item number: 46-0460 CAS Number: 215788-65-1 1.2 Relevant identified uses of the substance or mixture and uses advised against No further relevant information available. 1.3 Details of the supplier of the safety data sheet Manufacturer/Supplier: Strem Chemicals, Inc. Multiken Way NEWBURYPORT, MA 01950 USA info@strem.com Further information obtainable from: Technical Department 1.4 Emergence telephone number: EMERGENCY: CHEMTREC: + 1 (800) 424-9300 During normal opening times: + 1 (978) 499-1600 SECTION 2: Hazards identification 2.1 Classification of the substance or mixture Classification according to Regulation (EC) No 1272/2008 Further: 2 H315 Causes skin irritation. Stor TSE 3 H335 May cause respiratory irritation. STOT SE 3 H335 May cause respiratory irritation. 2.2 Label elements Labelling according to Regulation (EC) No 1272/2008 The substance is classified and labelled according to the CLP regulation. Hazard pietograms Gilso7 Signal word Warning Hazard-determining components of labelling: Dichlorof 1, 1-bis(di-i-propsylhosphino)gerrocene]palhadium(II), 99% Hazard statements H315 Causes serioux eye irritation. H315 Causes serioux eye irritation. H319 Causes are out of reach of hole product container or label at hand. H310 Causes are out of reach of children.	1.1 Product ide	entifier			
Item number: 46-0460 CAS Number: 215788-65-1 1.2 Relevant identified uses of the substance or mixture and uses advised against No further relevant information available. 1.3 Details of the supplier of the safety data sheet Manufacturer/Supplier: Strem Chemicals, Inc. # Safety data sheet according to 1907/2006/EC, Article 31

Printing date 18.07.2021

Revision: 18.07.2021

Trade name: Dichloro[1,1'-bis(di-i-propylphosphino)ferrocene]palladium(II), 99%

	(Contd. of page 1)
P262	Do not get in eyes, on skin, or on clothing.
P280	Wear protective gloves/protective clothing/eye protection/face protection.
P305+P351+P3	38 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P304+P340	IF INHALED: Remove person to fresh air and keep comfortable for breathing.
P403+P233	Store in a well-ventilated place. Keep container tightly closed.
P501	Dispose of contents/container in accordance with local/regional/national/international regulations.
· 2.3 Other hazar	ds

· Results of PBT and vPvB assessment

• **PBT:** Not applicable.

• **vPvB:** Not applicable.

# SECTION 3: Composition/information on ingredients

· 3.1 Chemical characterisation: Substances

· CAS No. Description

215788-65-1 Dichloro[1,1'-bis(di-i-propylphosphino) ferrocene]palladium(II), 99%

# SECTION 4: First aid measures

· 4.1 Description of first aid measures

- After inhalation: In case of unconsciousness place patient stably in side position for transportation.
- After skin contact: Immediately wash with water and soap and rinse thoroughly.
- After eye contact:
- Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
- After swallowing: If symptoms persist consult doctor.
- 4.2 Most important symptoms and effects, both acute and delayed No further relevant information available.
- 4.3 Indication of any immediate medical attention and special treatment needed
- $No\ further\ relevant\ information\ available.$

# **SECTION 5:** Firefighting measures

· 5.1 Extinguishing media

- Suitable extinguishing agents: Use fire extinguishing methods suitable to surrounding conditions.
- 5.2 Special hazards arising from the substance or mixture No further relevant information available.
- · 5.3 Advice for firefighters
- Protective equipment: No special measures required.

# **SECTION 6: Accidental release measures**

• 6.1 Personal precautions, protective equipment and emergency procedures Not required.

• 6.2 Environmental precautions: No special measures required.

• 6.3 Methods and material for containment and cleaning up: Dispose contaminated material as waste according to item 13. Ensure adequate ventilation.

6.4 Reference to other sections
 See Section 7 for information on safe handling.
 See Section 8 for information on personal protection equipment.

(Contd. on page 3)

### Safety data sheet according to 1907/2006/EC, Article 31

Printing date 18.07.2021

Revision: 18.07.2021

Trade name: Dichloro[1,1'-bis(di-i-propylphosphino)ferrocene]palladium(II), 99%

(Contd. of page 2)

See Section 13 for disposal information.

### **SECTION 7: Handling and storage**

•7.1 Precautions for safe handling No special precautions are necessary if used correctly.

- Information about fire and explosion protection: No special measures required.
- · 7.2 Conditions for safe storage, including any incompatibilities
- · Storage:

· Requirements to be met by storerooms and receptacles: No special requirements.

- Information about storage in one common storage facility: Not required.
- Further information about storage conditions: Keep container tightly sealed.
- 7.3 Specific end use(s) No further relevant information available.

#### **SECTION 8: Exposure controls/personal protection**

· Additional information about design of technical facilities: No further data; see item 7.

- · 8.1 Control parameters
- · Ingredients with limit values that require monitoring at the workplace: Not required.
- Additional information: The lists valid during the making were used as basis.
- · 8.2 Exposure controls
- · Personal protective equipment:
- General protective and hygienic measures: Keep away from foodstuffs, beverages and feed. Immediately remove all soiled and contaminated clothing Wash hands before breaks and at the end of work. Avoid contact with the eves and skin.
- · Respiratory protection:

In case of brief exposure or low pollution use respiratory filter device. In case of intensive or longer exposure use self-contained respiratory protective device.

· Protection of hands:

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.

Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation *Material of gloves* 

• Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer.

· Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

• Eye protection:

Tightly sealed goggles

9.1 Information on basic physical and c	hemical properties	
General Information		
Appearance:		
Form:	Solid	
Colour:	Yellowish	
Odour: Odour threshold:	Odourless Not determined.	
pH-value:	Not applicable.	
Change in condition		
Melting point/freezing point:	Undetermined.	
Initial boiling point and boiling range	: Undetermined.	
Flash point:	Not applicable.	
Flammability (solid, gas):	Not determined.	
Ignition temperature:		
Decomposition temperature:	Not determined.	
Auto-ignition temperature:	Not determined.	
Explosive properties:	Product does not present an explosion hazard.	
Explosion limits:		
Lower:	Not determined.	
Upper:	Not determined.	
Vapour pressure:	Not applicable.	
Density:	Not determined.	
Relative density	Not determined.	
Vapour density	Not applicable.	
Evaporation rate	Not applicable.	
Solubility in / Miscibility with		
water:	Insoluble.	
Partition coefficient: n-octanol/water:	Not determined.	
Viscosity:		
Dynamic:	Not applicable.	
Kinematic:	Not applicable.	
Solvent content:		
Organic solvents:	0.0 %	
VÕC (EC)	0.00 %	
Solids content:	100.0 %	
9.2 Other information	No further relevant information available.	

# SECTION 10: Stability and reactivity

· 10.1 Reactivity No further relevant information available.

· 10.2 Chemical stability

- Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.
- 10.3 Possibility of hazardous reactions No dangerous reactions known.

• 10.4 Conditions to avoid No further relevant information available.

Trade name: Dichloro[1,1'-bis(di-i-propylphosphino)ferrocene]palladium(II), 99%

• 10.5 Incompatible materials: No further relevant information available.

• 10.6 Hazardous decomposition products: No dangerous decomposition products known.

#### **SECTION 11: Toxicological information**

· 11.1 Information on toxicological effects

- Acute toxicity Based on available data, the classification criteria are not met.
- Primary irritant effect:

• Skin corrosion/irritation Causes skin irritation.

- · Serious eye damage/irritation
- Causes serious eye irritation.
- Respiratory or skin sensitisation Based on available data, the classification criteria are not met.
- · CMR effects (carcinogenity, mutagenicity and toxicity for reproduction)
- $\cdot$  Germ cell mutagenicity Based on available data, the classification criteria are not met.
- $\cdot$  Carcinogenicity Based on available data, the classification criteria are not met.
- $\cdot \textit{Reproductive toxicity Based on available data, the classification criteria are not met.}$

· STOT-single exposure

- May cause respiratory irritation.
- STOT-repeated exposure Based on available data, the classification criteria are not met.
- Aspiration hazard Based on available data, the classification criteria are not met.

#### **SECTION 12: Ecological information**

- · 12.1 Toxicity
- · Aquatic toxicity: No further relevant information available.
- · 12.2 Persistence and degradability No further relevant information available.
- 12.3 Bioaccumulative potential No further relevant information available.
- · 12.4 Mobility in soil No further relevant information available.
- · Additional ecological information:
- · General notes: Not known to be hazardous to water.
- · 12.5 Results of PBT and vPvB assessment
- **PBT:** Not applicable.
- · vPvB: Not applicable.
- 12.6 Other adverse effects No further relevant information available.

#### **SECTION 13: Disposal considerations**

· 13.1 Waste treatment methods

· Recommendation

Must not be disposed together with household garbage. Do not allow product to reach sewage system.

- Uncleaned packaging:
- **Recommendation:** Disposal must be made according to official regulations.

## **SECTION 14: Transport information**

· 14.1 UN-Number

· ADR, ADN, IMDG, IATA

not regulated
