

Catalog # 22-0200 Bis(cyclopentadienyl)titanium dichloride, 99+% (Titanocene dichloride)

Technical Notes:

1. Precatalyst for reduction of esters and  $\alpha,\beta$ -unsaturated ketones.
2. Catalyzes reductive deoxygenation of alcohols and hydroxylamines.
3. Catalyst for the radical cyclization of epoxides.
4. Reagent for the conversion of enynes to bicyclic cyclopentenones.
5. Catalyzes silylation of alkenes and alkynes.
