

Label License

The compound(s) in this container (the "Product"), and/or the use thereof, may be covered by claims in the following patents and patent applications owned or controlled by President and Fellows of Harvard College (collectively "Harvard IP"):

The following patents and/or patent applications claiming priority to US provisional patent applications 60/236,283 and 601253,917, entitled "Vapor Deposition of metal Oxides, Silicates and Phosphates, and Silicon Dioxide":

- US patent 6,969,539; issued
- US patent 7,507,848; issued
- US patent application 12/407,556; pending
- Japanese patent application 2002-530823; pending
- Japanese patent application 2008-261738; pending
- South Korea patent 0815009; issued
- South Korea patent application 2007-7024096; pending
- European patent application 01975576.8; pending

The following patent applications and patents claiming priority to US provisional patent applications 60/368,292 and 60/415,617, entitled "Vapor Deposition of Silicon Dioxide Nanolaminates":

- US patent application 10/951,464; pending
- Chinese patent ZL03809539.4; issued
- Japanese patent application 2003-580596; pending
- South Korea patent application 2004-7015215; pending
- European patent application 03726151.8; pending
- Hong Kong patent application 05105408.0; pending

"Harvard IP" includes (a) the patents and patent applications listed above; (b) any patent or patent application that claims priority to and is a divisional, continuation, reissue, renewal, reexamination, substitution or extension of the patent application identified in (a); (c) any patents issuing on any of the patent applications identified in (a) or (b), including any reissues, renewals, reexaminations, substitutions or extensions thereof; (d) any claim of a continuation-in-part application or patent (including any reissues, renewals, reexaminations, substitutions or extensions thereof) that is entitled to the priority date of, and is directed specifically to subject matter specifically described in, at least one of the patents or patent applications identified in (a), (b) or (c); and (e) any foreign counterpart (including PCTs) of any of the patents or patent applications identified in (a), (b) or (c) or of the claims identified in (d); in each case to the extent owned or controlled by President and Fellows of Harvard College.

With this Label License, Strem Chemicals, Inc. ("Strem Chemicals") grants to you, the purchaser of the Product ("Purchaser"), a non-transferable license under the Harvard IP (a) to the extent

that the use of the Product is covered by the Harvard IP, to use the Product solely (i) in internal, non-clinical research or (ii) if you are a company primarily in the business of performing research services, in Contract Research (as defined below) and (b) to practice the methods and processes claimed in the Harvard IP solely in conjunction with your use of the Product and solely in internal, non-clinical research.

To the extent that the use of the Product is covered by the Harvard IP, you also agree (a) not to sell or otherwise transfer the Product to any other third party, (b) not to use the Product for Commercial Purposes (as defined below) without a commercial license from Harvard (and if you are interested in a commercial license, you should contact Harvard's Office of Technology Development, 1350 Massachusetts Avenue, Holyoke Center, Suite 727, Cambridge, MA 02138, (617) 495-3067), (c) to use the Product in compliance with all applicable laws and regulations, including, without limitation, applicable human health and animal welfare laws and regulations, (d) to transfer information or materials made through the use of the Product to a scientific collaborator only if such transfer is not for any Commercial Purpose, and only if such collaborator agrees in writing not to transfer such materials to any third party and to use such transferred materials and/or information solely for internal, non-clinical research and not for Commercial Purposes, and (e) that the Product has not been approved for use in humans by the U.S. Food and Drug Administration or any other regulatory body and may not be used in humans. "Commercial Purpose" means any activity conducted in exchange for consideration including, but not limited to, (a) use of a Product in manufacturing, (b) use of a Product to provide a service, information or data, other than to perform Contract Research (as defined below), (c) use of a Product for therapeutic, diagnostic or prophylactic purposes and (d) resale of a Product, whether or not such Licensed Product is resold for use in research. "Contract Research" means research services performed on a fee-for-service basis by a company primarily in the business of performing such research services; provided that substantial research services are provided beyond the use of Products.

This Label License assumes and is valid only if you acquired Product supplied by Strem Chemicals or its distributor. In addition, it is valid only in connection with the amount of the Product purchased under this Label License. By using the Product, you' explicitly agree with the terms and conditions of this Label License.

THE PRODUCT AND THE HARVARD IP ARE PROVIDED AS-IS AND WITH NO WARRANTY, EITHER EXPRESS OR IMPLIED, AND SPECIFICALLY WITHOUT ANY WARRANTY OF MERCHANTABILITY, NON-INFRINGEMENT OR FITNESS FOR A PARTICULAR PURPOSE. STREM CHEMICALS AND PRESIDENT AND FELLOWS OF HARVARD COLLEGE ASSUME NO RESPONSIBILITY WHATSOEVER WITH RESPECT TO THE USE, SALE, OR DISPOSITION BY PURCHASER OF PRODUCTS. PURCHASER SHALL INDEMNIFY AND HOLD STREM CHEMICALS AND PRESIDENT AND FELLOWS OF HARVARD COLLEGE HARMLESS FROM AND AGAINST ANY AND ALL CLAIMS, DAMAGES, COSTS, EXPENSES AND OTHER LIABILITIES WITH RESPECT TO THE PRODUCTS AND THE HARVARD IP.

This Label License is subject to and governed by the laws of the Commonwealth of Massachusetts.
