Limited Use License Agreement

The buyer shall use the product and any materials made therefrom for research purposes only. The buyer shall not sell or otherwise transfer (a) this product or (b) materials made using this product to a third party or otherwise use this product or materials made using this product for any Commercial Purpose. Commercial Purpose means any activity by a party for consideration or gain (financial or otherwise) and may include, but is not limited to: (1) use of the product or materials made therefrom in manufacturing; (2) use of the product or materials made therefrom in the development of a commercial product or process (including pilot studies, prototyping, and qualification or clinical trials), (3) use of the product or materials made therefrom to provide a service, information, or data to a third party in return for a fee or other consideration; (4) use of the product or materials made therefrom for therapeutic, diagnostic or prophylactic purposes or for any use in or consumption by humans; or (5) sale or resale of the product or materials made therefrom, whether or not such product or materials are sold or resold for use only in research. Provided, however, commercial Contract Research shall be permitted.

"Contract Research" is defined as research services, including catalyst screening and process development, performed on a fee-for-service basis by a company primarily in the business of performing such research services. It is the sole responsibility of buyer to ensure that its use of the product or materials made therefrom does / do not infringe the patent rights of third parties.

In case of an intended commercial use of the product and/or any materials made therefrom please contact Studiengesellschaft Kohle mbH, Kaiser-Wilhelm-Platz 1, 45470 Mülheim an der Ruhr, Germany, Phone +49 208/30620048, Email sgk@kofo.mpg.de
