H301 Toxic if sw	vallowed.	
H330 Fatal if in		
H315 Causes sk	in irritation.	
	rious eye irritation.	
	of causing genetic defects.	
	e respiratory irritation.	
H373 May caus	e damage to organs through prolonged or repeated exposure.	
· Precautionary s	tatements	
P101	If medical advice is needed, have product container or label at hand.	
P102	Keep out of reach of children.	
P103	Read label before use.	
P284	[In case of inadequate ventilation] wear respiratory protection.	
P280	Wear protective gloves/protective clothing/eye protection/face protection.	
P301+P310	IF SWALLOWED: Immediately call a POISON CENTER/ doctor.	
<i>P305+P351+P</i> .	338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.	
P403+P233	Store in a well-ventilated place. Keep container tightly closed.	
P501	Dispose of contents/container in accordance with local/regional/national/international regulations.	
· 2.3 Other hazar	0	
· Results of PBT	and vPvB assessment	
· PBT: Not appli		
· vPvB: Not appl		

• **vPvB:** Not applicable.

SECTION 3: Composition/information on ingredients

- 3.1 Chemical characterisation: Substances
 CAS No. Description
 7803-55-6 ammonium trioxovanadate
- · Identification number(s)
- EC number: 232-261-3

SECTION 4: First aid measures

• 4.1 Description of first aid measures

• General information:

Immediately remove any clothing soiled by the product.

Symptoms of poisoning may even occur after several hours; therefore medical observation for at least 48 hours after the accident.

Remove breathing equipment only after contaminated clothing have been completely removed.

In case of irregular breathing or respiratory arrest provide artificial respiration.

(Contd. on page 3)

GB

Printing date 20.07.2021

Revision: 20.07.2021

(Contd. of page 2)

Trade name: Ammonium metavanadate, 99%

• After inhalation:

Supply fresh air or oxygen; call for doctor.

In case of unconsciousness place patient stably in side position for transportation.

• After skin contact: Immediately wash with water and soap and rinse thoroughly.

· After eye contact:

Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

• After swallowing: Do not induce vomiting; call for medical help immediately.

• 4.2 Most important symptoms and effects, both acute and delayed No further relevant information available.

 \cdot 4.3 Indication of any immediate medical attention and special treatment needed

No further relevant information available.

SECTION 5: Firefighting measures

· 5.1 Extinguishing media

• Suitable extinguishing agents: Use fire extinguishing methods suitable to surrounding conditions.

- · 5.2 Special hazards arising from the substance or mixture No further relevant information available.
- · 5.3 Advice for firefighters
- · Protective equipment: Mouth respiratory protective device.

SECTION 6: Accidental release measures

· 6.1 Personal precautions, protective equipment and emergency procedures Not required.

· 6.2 Environmental precautions: No special measures required.

• 6.3 Methods and material for containment and cleaning up: Dispose contaminated material as waste according to item 13. Ensure adequate ventilation.

· 6.4 Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

SECTION 7: Handling and storage

· 7.1 Precautions for safe handling

Thorough dedusting. Ensure good ventilation/exhaustion at the workplace. Open and handle receptacle with care.

· Information about fire - and explosion protection: Keep respiratory protective device available.

· 7.2 Conditions for safe storage, including any incompatibilities

· Storage:

• Requirements to be met by storerooms and receptacles: No special requirements.

· Information about storage in one common storage facility: Not required.

• Further information about storage conditions: Keep container tightly sealed.

· 7.3 Specific end use(s) No further relevant information available.

SECTION 8: Exposure controls/personal protection

· Additional information about design of technical facilities: No further data; see item 7.

 8.1 Control parameters Ingredients with limit values that require Additional information: The lists valid di 	e monitoring at the workplace: Not required. uring the making were used as basis.
· 8.2 Exposure controls	
· Personal protective equipment:	
General protective and hygienic measure	
Keep away from foodstuffs, beverages and Immediately remove all soiled and contain	
Wash hands before breaks and at the end	0
Store protective clothing separately.	5
Avoid contact with the eyes and skin.	
Respiratory protection:	use respiratory filter device. In case of intensive or longer exposure use
self-contained respiratory protective devia Protection of hands:	
Protective gloves	
	e and resistant to the product/ the substance/ the preparation.
Due to missing tests no recommendation chemical mixture.	to the glove material can be given for the product/ the preparation/ the
	eration of the penetration times, rates of diffusion and the degradation
Material of gloves	· · · · · · · · · · · · · · · · · · ·
	not only depend on the material, but also on further marks of quality and
varies from manufacturer to manufacture	r.
Penetration time of glove material The exact break through time has to be	found out by the manufacturer of the protective gloves and has to be
observed.	
Eye protection:	
Tightly sealed goggles	
9.1 Information on basic physical and ch	nemical properties
General Information	
Appearance: Form:	Powder
Form: Colour:	Whitish
Odour:	Odourless
Odour threshold:	Not determined.
pH-value:	Not applicable.
Change in condition	200.00
Melting point/freezing point:	200 °C
Initial boiling point and boiling range: Flash point:	
Flammability (solid, gas):	Not applicable. Not determined.
Ignition temperature:	
Decomposition temperature:	Not determined.
2.composition temperature.

SECTION 10: Stability and reactivity

· 10.1 Reactivity No further relevant information available.

· 10.2 Chemical stability

• Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.

• 10.3 Possibility of hazardous reactions No dangerous reactions known.

· 10.4 Conditions to avoid No further relevant information available.

• 10.5 Incompatible materials: No further relevant information available.

• 10.6 Hazardous decomposition products: No dangerous decomposition products known.

SECTION 11: Toxicological information

· 11.1 Information on toxicological effects

• Acute toxicity Toxic if swallowed. Fatal if inhaled.

· LD/LC50 values relevant for classification:

Oral LD50 25 mg/kg (rat)

7803-55-6 ammonium trioxovanadate

Oral LD50 160 mg/kg (rat)

•	Primary	irritant	effect:

- · Skin corrosion/irritation
- Causes skin irritation.
- Serious eye damage/irritation Causes serious eye irritation.
- Respiratory or skin sensitisation Based on available data, the classification criteria are not met.
- · CMR effects (carcinogenity, mutagenicity and toxicity for reproduction)
- · Germ cell mutagenicity
- Suspected of causing genetic defects.
- · Carcinogenicity Based on available data, the classification criteria are not met.
- Reproductive toxicity Based on available data, the classification criteria are not met.
- · STOT-single exposure

May cause respiratory irritation.

· STOT-repeated exposure

May cause damage to organs through prolonged or repeated exposure.

· Aspiration hazard Based on available data, the classification criteria are not met.

SECTION 12: Ecological information

· 12.1 Toxicity

- Aquatic toxicity: No further relevant information available.
- · 12.2 Persistence and degradability No further relevant information available.
- 12.3 Bioaccumulative potential No further relevant information available.
- · 12.4 Mobility in soil No further relevant information available.
- · Additional ecological information:
- · General notes: Not known to be hazardous to water.
- · 12.5 Results of PBT and vPvB assessment
- · **PBT:** Not applicable.
- · **vPvB:** Not applicable.
- · 12.6 Other adverse effects No further relevant information available.

SECTION 13: Disposal considerations

· 13.1 Waste treatment methods

· Recommendation

Must not be disposed together with household garbage. Do not allow product to reach sewage system.

- · Uncleaned packaging:
- Recommendation: Disposal must be made according to official regulations.

SECTION 14: Transport information

· 14.1 UN-Number · ADR, IMDG, IATA	UN2859	
• 14.2 UN proper shipping name		
$\cdot ADR$	2859 AMMONIUM METAVANADATE
