

Catalog #77-0930 1,5-Cyclooctadiene(hexafluoroacetylacetonato)iridium(I), 98%

Technical Notes:

1. Useful catalyst for the ortho-deuteration of anilines, benzylamines, nitrogen heterocycles and functionalized aromatics. (Ref. 1-4)
2. Useful precursor for chemical vapor deposition of iridium (Ref. 5-6)
